

he Haven International

13 & 14TH MAY 2022

(D)
The Haven International Convention
with Pastor Chris 2022

THE HAVEN INTERNATIONAL PRESIDENT

Praise God forevermore!

The International Haven Convention 2022 with our dear Man of God, has brought in a superlative grace for an impactful life and we're determined to do extraordinary exploits.

The Influence and impact on world events, conditions and current affairs is amongst the major objectives and responsibilities of the church [Isaiah 9:6 "...and the government shall be upon His Shoulders..."].

The fulfilment of this course is powered through The Haven Nation bankrolling this endeavour, as it is our number one responsibility and we're resolute about delivering it exceptionally through the channels and avenues God has provided us.

As thus, we're proud to present to you - The Haven International Purple Market Magazine, showcasing the overall prospective goals, value propositions, Key brand messaging and information of what the exhibitors came to display to everyone present during The International Haven Convention 2022 with our Man of God, Pastor Chris.

A vital aspect of this marketing strategy is propelling company growth, increasing their capacity and performance thereby bringing in proceeds that will give them an advantage within their industry of operation. This will in turn give them influence and an opportunity to impact their world with the message of the Gospel.

Welcome Note!

The first ever The Haven International Purple Market took place on the 13th and 14th of May 2022 at The Haven International Convention with Pastor Chris. The purple market was designed to showcase the testimonies of members of The Haven Nation as a result of prophecies from our dear Man of God who by the Spirit said members of The Haven will "Buy up Business, Start Businesses and Grow Businesses"!

The Haven Nation testifies that those prophecies came to pass and are still in effect in our lives with the epoch-making exhibition The Haven International Purple Market.

The objectives of The International Purple Market was to provide access to new markets for members of The Haven as delegates to The Haven International Convention with Pastor come from all over the world. The Purple Market gave our members access to markets beyond their current location.

The Haven Nation also embarked on a campaign to encourage members of The Haven Nation to patronize Haven members businesses and services. The Purple Market was an opportunity for the members to have first class access to these businesses to know how they can be patronized.

This magazine x-rays the beautiful sights of the first ever International Purple Market and gives insight into the organizations owned by members of The Haven Nation who showcased their businesses at the fair.

My heartfelt gratitude goes to The Haven International President, the Esteemed Pastor Ekele Uhaira for the opportunity given to me and the exhibition team to serve in this highly coveted position. Special thanks also goes to the Chairman of The Haven International Convention with Pastor Chris 2022, Esteemed Deacon Ben Onyibe for his support to our team.

Special thanks also to my ever-dependable exhibition team members, Deaconess Angela Babalola, Brother Osazie Omigie and The Haven HQ Staff members for your exceptional service.

The Haven International Purple Market was a huge success, to the only wise God, be all the praise, Amen!

In His Service,

Deacon Emeka Nnamani Chairman The Haven International Purple Market Committee, THICWPC 2022
